

**Powerful**  
**Accurate**  
**Dependable**

***Gear Grinders &  
Gear Hobbers***

***Leadership by Design!***

**1 to 8 meters**

***Exhibiting for the first time at IMTS 08!***

See the ***RAPID 1250*** gear grinder with ***“High Speed Grinding”*** which reduces grinding times by up to 50% - outperforming and leaving every other form grinder in its swarf!

Also showcasing the highly acclaimed ***Hofler HF 1250*** “heavy duty” Hobber / Gashers with carbide cutting speeds and power for the most demanding coarse pitch applications. Now offering more models and features for gears up to 8 meters ( 315" ) in diameter.

Whether you produce **aerospace, truck, tractor, oil field, mining or windturbine gears** - Hofler is there for you - helping your company to ***produce better gears, faster and more efficiently.***

Visit us at the Hofler Booth # **B-7045**  
and see gear history in the making!
