CALENDAR

MARCH 9-12

National Computer Graphics Association CAD & Engineering Workstations '92 Conference and Exhibition. Anaheim Convention Center, Anaheim, CA. Displays on CAD/CAM/CAE, product data management, solid modeling, rapid prototyping, and other engineering applications. Contact NCGA (703) 698-9600 or (800) 225-NCGA.

MARCH 17-18

SME's Bevel Gear Processing & Manufacturing Clinic. Livonia (Detroit), MI. Contact: Mike Traicoff, SME Headquarters, (313) 271-1500 x 596 or FAX (313) 271-2861.

APRIL 5-7

AGMA Gear Manufacturing Symposium. Airport Holiday Inn, Indianapolis, IN. Presentations on CNC Gear Shaping, Die Quenching, Heat Treating, Spiral Bevel Gears, Hobbing Fundamentals, and other subjects. Contact AGMA Headquarters: (703) 684-0211 or FAX (703) 684-0242.

APRIL 7-9

Engineering Society of Detroit's International Programmable Controls Conference & Exposition. Cobo Conference/Exposition Center, Detroit, MI. IPC is devoted to flexible automation and plant floor control. Contact: Tom Madeja, ESD Conferences, (313) 995-4440 or FAX (313) 663-7835.

APRIL 13-16

ASME-sponsored, CIME/design Computer-Integrated Manufacturing and Engineering Design Exposition and Conference. Cobo Conference/Exposition Center, Detroit, MI. Conference and show devoted to CAD/CAM/CAE/CIM. Call: Sharon Price, (800) 451-1196 or FAX (203) 666-4782.

Announcing Our New Line of Precision Hobs

PRODUCES FASTER-RUNNING, QUIETER, ACCURATE GEARS.

Precision hobs with a superb surface finish are the result of new production methods now in place at Star Cutter. Hardened hobs are finished by skiving or grinding, depending on hob geometry. The vast majority are skived, providing additional regrind life. The EDM process has been discontinued.

Our new hobs give longer tool life and consistently produce higher quality gears. They accept titanium nitride and other advanced coatings.

CONTACT US FOR DETAILS.

Star
Since 1927
STARCUT SALES, INC.
23461 Industrial Park Drive
Farmington Hills, MI 48336
313/474-8200 FAX 313/474-9518

We are manufacturers and suppliers of hobs, form-relieved cutters, pressure-coolant reamers, gun drills, tool holders, coatings, and machine tools. We also provide application engineering.
