*"They'll be looking hard
at what new technologies
are out there. They'll be
more serious buyers than
tire kickers."*

Call us about our upcoming "Gear Cutting Seminar" at AGMA—Oct. 8-9

Introducing
 ● LMT-FETTE's **NEW**
FETTE
 U.S. Resharpener Center

LMT-FETTE, North American importer of LIEBHERR'S LORENZ

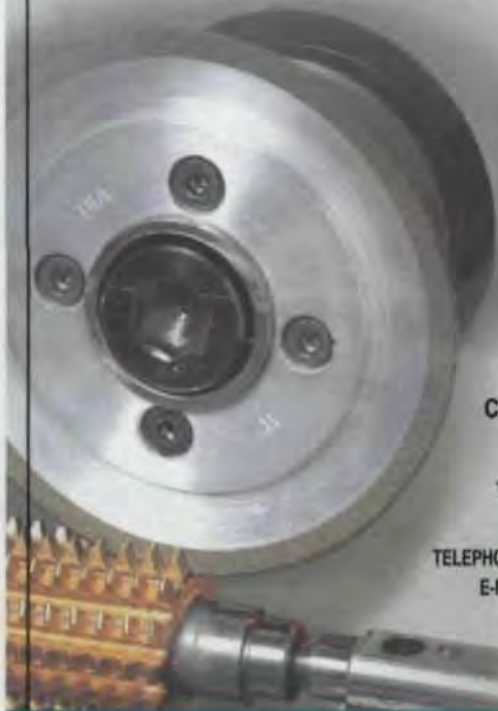

Shaping and Shaving Tools, is proud to introduce the opening of the new Hob and Shaper Cutter Resharpener Center in Libertyville, IL. The same high quality and engineering expertise the customers of LMT-FETTE Gear Cutting tools have received over the years, is now available at the new LMT-FETTE Hob and Shaper Cutter Resharpener Center. Resharpener and deburring are very critical to the life of a hob and shaper cutter, and the new LMT-FETTE Resharpener Center is capable of providing customers with the high standard of quality they have come to expect from LMT-FETTE.

Featuring

- 12" maximum hob diameter
- AGMA AA quality
- H.S.S. and carbide hobs
- Latest deburring technique
- All styles of shaper cutters
- Stripping and recoating
- Competitive price and delivery
