**BOLD LISTINGS** throughout the Buyers Guide indicate that a company has an advertisement in this issue of *Gear Technology*.

**But Wait! Where are the Gear Manufacturers Listed?**

If you are looking for suppliers of gears, splines, sprockets, gear drives or other power transmission components, see our listing of this issue's power transmission component advertisers on page 53. In addition, you will find our comprehensive directory in the December 2018 issue of *Power Transmission Engineering* as well as in our online directory at [www.powertransmission.com](http://www.powertransmission.com).

**How to Get Listed in the Buyers Guide**

Although every effort has been made to ensure that this Buyers Guide is as comprehensive, complete and accurate as possible, some companies may have been inadvertently omitted. If you'd like to add your company to the directory, we welcome you. Please visit [www.geartechnology.com/getlisted.php](http://www.geartechnology.com/getlisted.php) to fill out a short form with your company information and Buyers Guide categories. These listings will appear online at [www.geartechnology.com](http://www.geartechnology.com), and those listed online will automatically appear in next year's printed Buyers Guide

**Handy Online Resources**

**The Gear Industry Buyers Guide** – The listings printed here are just the basics. For a more comprehensive directory of products and services, please visit our website, where you'll find each of the categories here broken down into sub-categories: [www.geartechnology.com/dir/](http://www.geartechnology.com/dir/)

**The Power Transmission Engineering Buyers Guide** – The most comprehensive online directory of suppliers of gears, bearings, motors, clutches, couplings, gear drives and other mechanical power transmission components, broken down into sub-category by type of product manufactured: [www.powertransmission.com/directory/](http://www.powertransmission.com/directory/)

**CUTTING TOOLS**

All of the suppliers listed here are broken down by category (bevel gear cutters, broaching tools, hobs, milling cutters, shaping tools, etc.) at [www.geartechnology.com](http://www.geartechnology.com).
